**63. Please share what you liked about this survey.**

The survey is a comprehensive overview of our League work

The survey includes a 'save and continue later' feature

The survey includes a broad range of questions

The survey includes clear definitions

The survey was easy to complete

Other - Please specify: \_\_\_\_\_ \*

**64. Please share any challenges you had in completing this survey.**

I did not know of the feature to save my survey progress

I did not use the tracker to keep track of the data, making it hard to find data

The data is hard to keep track of for the calendar year. I would prefer the survey is conducted by fiscal year (July 1-June 30)

The Alchemer survey platform user interface was complicated

The survey is too long

The survey required input from too many people

The survey would be better fitted for just state Leagues

The survey would be better fitted for just local Leagues

There were terms that needed definitions

Other - Please specify: Question #52 was the only one that was not clear. \_\_\_\_\_ \*
